## KIDEPO SAVANNAH LODGE

### LOCATION

On the edge of one of the most beautiful National Parks in Uganda...

Our latest and most remote property of Nature lodges, Kidepo Savannah Lodge does justice to this wildlife gem which has received several international awards as one of the greatest Parks of Africa.

Being just 500 mt away from Kalokudo gate, the lodge is literally on a stone's throw from the Park. It offers unparalleled vistas of the expansive Narus Valley, Mount Morungole and the distant mountain ranges which form the border with Southern Sudan.

The lodge is inspired by the savanna surroundings, the grasslands, rocky outcrops, and ... by the karamajong, the tribe with their typical manyattas and colorful blankets. The lodge had to blend in rather than stick out, so we opted for a choice between the more luxurious self-contained safari tents and comfortable lazy camping tents

### ACCOMMODATION

#### Safari tents

Kidepo Savannah Lodge boasts twelve beautifully appointed safari tents on raised decks. Each of the spacious tents have a private verandah overlooking the mighty savanna. Comfortably furnished with 1 double or 2 single beds, all safari tents are ensuite with hot 'bush' showers, running water for hand-basins and a flushing toilet

#### Tents

As budget option, Kidepo Savannah Lodge offers 9 non-self-contained tents. These are comfortably furnished with 2 single or 1 double bed, a bedside table and a power outlet for charging your electrical equipment. The views into the park are vast and magnificent with an occasional herd of elephants or buffaloes passing by. The tents share a communal ablution block with hot showers and flushing toilets. No need to worry about linen as all bedding and towels are provided
