NETT RATES 2020 [USD] Applicable alongside stays at Greystoke Mahale & Chada Katavi.

We operate a shared charter service between Arusha and Western Tanzania every Monday and Thursday [except 15 March - 31 May]. This departs Arusha at approx 0800\*\*, picks up clients from the airstrips listed below; stops at Tabora [for refuel and toilet stop]; does a circuit to Katavi and then Mahale and flies back to Tabora for a further fuel stop, before arriving in Arusha approx 1800 [with a possible Kilimanjaro Airport drop off en route]. With the change of timings on the PW/KQ flight to Nairobi, which now leaves at 1820hrs, we are unable to connect passengers onto this flight. However, connections onto KLM are possible.

# NOMAD PRIVATE GUIDE & VEHICLE

## NETT RATES 2020 (USD)

Nomad's founders were among the first to develop and actively promote Tanzanian guides, growing a team of the most knowledgeable, experienced and best trained in the country, many of whom are still with us over 20 years later.

Over the years we have worked hard to make sure our guides are afforded opportunities to grow, and so we set up our guides micro-finance scheme which is unique within our industry. We loan our guides the funds to purchase their own custom built 4WD safari vehicles, which means that they can then earn a daily vehicle rental rate, as well as their daily guiding fee. As a result of this scheme, many of our guides now own side businesses, covering everything from rental properties, to extended fleets of safari vehicles available for hire, and we are immensely proud to be a part of their success.

We know from experience that it's the people that make a safari, and we most certainly have some of the best in the business.

### \*Nomad Named guide requests - how to request a specific guide

Our team of guides are collectively brilliant and all experienced, knowledgeable, enthusiastic and passionate about the bush. We do our best to allocate the most appropriate guide to each booking. If you would like to make sure your clients have a particular guide, we'd be very happy to book a "named" guide at a supplement of \$118 per day. This supplement goes directly to the guide as a reward for great client service and also makes allowances for the guide being locked into certain dates and therefore unavailable to take other safaris. If your clients are repeat travellers with Nomad and would like to request the same guide as their last trip, we are happy to cover that supplement, which is paid directly to our guides, internally.

### Combining privately guided itineraries with shared game package

This is perfectly possible to do and happens most commonly when guests transition from sections of the northern Tanzania safari circuit with a private guide and vehicle, to other areas or camps and switch to shared game package (for example starting the safari with a private guide and vehicle in Tarangire, Lake Manyara and Ngorongoro Crater; and then flying up to northern Serengeti to end a safari and staying there on shared game package). While this offers clients the option to keep costs to a minimum, it's important to ensure that clients really understand how this will work in practice. Moving to a shared vehicle does take some adjustment after being in the company of a private Nomad guide for several days - we would always recommend giving clients the option to continue with a private guide & vehicle wherever possible; or at least highlighting the changes so expectations are set correctly.

# Terms and Conditions

## 1. PAYMENT AND DEPOSIT TERMS

All reservations must be made and confirmed in writing by email. You will receive a quote [costed itinerary] for a tailor-made safari. On acceptance of this quote, by you or your agent, Nomad Tanzania will require a min 20% non-refundable deposit to confirm the safari and full payment 45 days prior to the start of the safari. The deposit amount may increase for certain 3rd party bookings. Should full and final payment not be received by 45 days prior to the safari, we reserve the right to release the booking.

## 2. CANCELLATIONS AND REFUNDS

Cancellations & postponements of confirmed safaris are only effective on receipt of a written notification, whereupon the deposit is forfeited. In the event of the cancellation or postponement of a confirmed safari, you will immediately become liable for a percentage of the full safari cost, as set out below:

- Confirmed safaris cancelled 60+ days prior to arrival – full deposit is forfeited
- Confirmed safaris cancelled under 60 days prior to arrival – 50% of full safari cost is payable
- Confirmed safaris cancelled less than 30 days prior to arrival – 100% of full safari cost is payable

Should you or your clients fail to join the safari or join it after the departure date, no refund can be made.

It is your responsibility to ensure that all clients traveling with Nomad Tanzania obtain full travel insurance valid from the date of confirmation of the safari, including cover against cancellation charges.

## 3. GROUND HANDLING WAIVER

In the event of any cancellations, change or delay to client ground handling arrangements by any of our suppliers [including flights, transfers and accommodation bookings], Nomad Tanzania will make every effort to assist clients with rearrangements in the field to minimize disruption to client itineraries. It must, however, be expressly understood that any costs incurred by Nomad Tanzania in this regard, will be passed directly onto the client or agent. This includes any missed connections, the return of lost luggage to clients, as well as any requested changes to the itinerary made after the safari has started. Nomad Tanzania is not responsible for any travel arrangements made directly by the agent or the client involving any supplier of any services, other than bookings made through Nomad Tanzania itself.

## 4. REFUNDS

Whilst the company strives to ensure that all anticipated accommodation is available as planned, there can be no claim whatsoever against the company for a refund either in part or whole, if any accommodation or excursion is unavailable or the client was unable to use that service, for whatever reason.

## 5. BAGGAGE

Passengers are limited to soft bags and with a maximum total weight of 15kgs. Limitations are strictly adhered to on all flights within Tanzania, and Regional flights to other East African countries. This limitation includes hand baggage.

## 6. RISKS

Nomad Tanzania specifically draws your attention to the fact that there are certain inherent risks involved in participating in the type of safaris sold and operated by the Company and that, by making payment for all or part of the safari cost, you and your clients are thereby accepting responsibility for these entirely at your and their own risk.

Neither the Company, its employees, suppliers nor agents can be held responsible for any accident, injury, illness or death sustained during the course of the safari, whether or not this accident, injury, illness or death is deemed to be caused through negligence on the part of the Company, its employees, suppliers or agents.

Nomad Tanzania does not accept responsibility for any theft or loss of personal belongings that occurs while clients are staying either at a camp booked by Nomad Tanzania or on any service provided by Nomad Tanzania or through any service booked by Nomad Tanzania and provided by a third party supplier. All clients are strongly advised to insure themselves and their property fully for the duration of the safari.

Emergency Evacuation Cover, purchased through AMREF [The Flying Doctors Society] is mandatory for all Nomad Tanzania itineraries and AMREF cover is automatically included in our costings. This is not a substitute for personal travel insurance and clients must also make their own arrangements for full insurance prior to travel.

Failure by agents to provide AMREF emergency evacuation cover for their clients may result in delays in medical evacuation while payment confirmation formalities are processed and this will increase the risk of medical complications.

Nomad Tanzania is not responsible for covering any costs incurred for medical treatment or any evacuation for clients while on safari, nor are we responsible for any complications which may result from a delay in arranging such medical evacuation.

## 7. TRAVEL DOCUMENTS AND HEALTH

The onus is on the guest to ensure that passports, visas, travel permits, health certificates, inoculations other documentation required for the trip are obtained and are in order. The Company, their Staff and Agents cannot be held responsible for any failure to comply with necessary requirements.

Health - guests should seek recommendations from their GP or local travel clinic regarding sensible medical precautions whilst travelling. It is essential that all guests are covered by a comprehensive travel insurance policy, from the moment their safari arrangements are confirmed.

Tanzania Travel advice - we strongly recommend that all guests seek the advice of their local foreign office/state department, regarding travel to Tanzania.

Cancellation charges will be applied if a confirmed trip is cancelled for this or any other reason.

## 8. FORCE MAJEURE

a) "Force Majeure" means, in relation to the Company, any circumstances beyond the reasonable control of the Company (including, but without limitation, war or threat of war, sabotage, civil disturbance, or requisition, acts of God, fire, accident, flood or explosion, sickness, quarantine, Government intervention, weather conditions or other untoward occurrences).

b) If the Company is affected by Force Majeure it shall as soon as practicable notify you of the nature and extent thereof.

c) The Company shall not be deemed to be in breach of these terms and conditions or otherwise be liable to you, by reason of delay in performance, or by non-performance of any of its obligations hereunder to the extent that any such delay or non-performance is due to any Force Majeure.

d) If the Company is affected by Force Majeure it shall be entitled to and may in its absolute and sole discretion, cancel or vary any arrangements or itinerary in relation to the safari. Payment of any refund by the Company as a result of the non-performance of any of the Company's obligations hereunder shall remain in its sole and absolute discretion although the Company shall use its reasonable endeavors to reimburse you where possible. However, the Company shall be entitled to deduct from any refund recoverable the reasonable actual and potential costs to the Company of the Force Majeure.

e) Regarding Civil unrest, once the Company has investigated the prevailing situation as it deems fit, it shall remain in the Company's sole and absolute discretion whether to proceed with the safari. You may in such circumstances cancel the trip. However, if, after having made all reasonable and proper inquiries, the Company is of the opinion that the trip may proceed, no refund will be payable to you and the provisions under refunds will apply.

## 9. SURCHARGES

Although the Company hopes that it will not have to levy surcharges, it reserves the right to do so on the invoiced amount should this become necessary due to increases forced upon us by any of our agents or suppliers as well as through exchange rate fluctuations, new government levies or taxes, changes in Park, Reserve, Conservation Area or Community fees. The Company will endeavor to notify you in writing as soon as it is aware of any likely surcharge. This surcharge will apply to all confirmed and invoiced safaris, regardless of whether payment has been received or not by Nomad Tanzania.

## 10. PHOTOGRAPHY

The Company reserves the right to make use of any photography or film taken on the safari by our staff for general publicity purposes without payment or permission from the client or tour operator.

## 11. AIRLINES

Carriage by the airlines concerned is subject to the terms and condition of the carrier with whom you are traveling and to international conventions. The Company has no control and accepts no liability whatsoever for cancellations or delays which are subject to operational decisions by the carriers. All flights are subcontracted to independent aviation Companies who are entirely responsible, and therefore liable, for all aspects of the flying operation.

All safari details are correct at the time of going to print. We cannot be held responsible for any changes or inaccuracies which may occur thereafter.
